If you have any questions about your text plan or data plan, it is best to contact your wireless provider.

Privacy

Your privacy is important to us. Your mobile number and any other personal information provided will be used in accordance with our Privacy Policy (linked above).

Delivery Limitations

Notifications sent via SMS may not be delivered to you if your phone is not in range of a transmission site, or if sufficient network capacity is not available at a particular time. Even within a coverage area, factors beyond the control of your wireless carrier may interfere with message delivery, including customer equipment, terrain, proximity to buildings, foliage, and weather. You acknowledge that urgent alerts may not be timely received and that your wireless carrier does not guarantee that alerts will be delivered.
