in compliance with the Accessible Canada Act
(the "Progress Report")**I. GENERAL****a. Introduction**

This Progress Report is prepared in compliance with the Accessible Canada Regulations: SOR/2021-241 and Canadian Radio-television and Telecommunications Commission Accessibility Reporting Regulations: SOR/2021-160 under the Accessible Canada Act ("ACA").

The regulations under the ACA require that Windstream Enterprise establish, implement, maintain, and document an Accessibility Plan (the "Plan") as well as publish a Progress Report concerning the implementation of the Plan. This Second Progress Report, dated June 1, 2025, is publicly available, including in an accessible format upon request.

b. Feedback Process

Employees of Windstream Enterprise and members of the public can provide feedback on matters relating to accessibility and the Plan at any time through multiple channels, including email, phone, or mail.

Windstream Enterprise has designated an Accessibility Coordinator as the contact for issues related to the Plan. The Accessibility Coordinator receives feedback on behalf of Windstream and addresses accessibility concerns. The Accessibility Coordinator promotes the objectives contained in the Plan.

In addition, and as demonstrated through Progress Reports, the Company conducts annual feedback and consultation opportunities to raise awareness of the Enterprise Accessibility Plan which ensures its impact and compliance.

c. Contact Information

A conspicuous posting of Windstream Enterprise's Accessibility Statement and feedback form can be found on its publicly accessible website, at: <https://www.windstreamenterprise.com/legal/accessibility-plan/>.

II. POLICIES, PROGRAMS, PRACTICES, AND SERVICES

Windstream Enterprise is committed to making its services accessible to the entire community in a way that promotes equality and strives to prevent and remove barriers that limit equitable access to all people. We are dedicated to meeting the needs of persons with disabilities effectively and efficiently in order to create an accessible user and employee experience. The Plan provides guidance for the development of Windstream Enterprise's processes and procedures related to the implementation of products, services, and platform engagements.

Windstream Enterprise supports the principles contained in the ACA and considers the following as it continues to implement its Plan:

1. Everyone must be treated with dignity;
2. Everyone must have the same opportunity to make for themselves the life they are able and wish to have;
3. Everyone must be able to participate fully and equally in society;
4. Everyone must have meaningful options and be free to make their own choices, with support if they desire;
5. Laws, policies, programs, services, and structures must consider the ways that different kinds of barriers and discrimination intersect;
6. Persons with disabilities must be involved in the development and design of laws, policies, programs, services, and structures; and

7. Accessibility standards and regulations must be made with the goal of achieving the highest level of accessibility.

a. Employment

The Plan applies to all Windstream Enterprise employees responsible for developing, designing, managing, maintaining, and auditing Windstream's websites, website portals, mobile applications, products and services.

To further implement its Plan, Windstream Enterprise incorporates harassment prevention training into its annual training programs intended to reinforce the company's commitment to the principles above. Further, all employees are encouraged to participate in training and development to learn the benefits of and how to contribute to an inclusive workplace. Windstream Enterprise makes available to all employees development courses, accessibility user guides, and workshops such as an Accessibility in Action workshop focused on digital accessibility.

b. Built Environment

Windstream Enterprise does not operate retail locations and the vast majority of its space is identified as network locations; however, persons with disabilities can face barriers in their workplaces. To prevent and address these challenges, Windstream Enterprise offers flexible work arrangements for its employees, maintains procedures to address accommodation requests, and strives to address any physical, environmental barrier experienced by persons with disabilities.

c. Information and Communication Technologies

Windstream Enterprise delivers managed connectivity, communications and security solutions to its customers. The company's advanced communications services and products are accessible by persons with disabilities. As discussed further in the Employee and Design and Delivery of Program and Services sections, Windstream Enterprise continues to identify barriers and implement measures consistent with the principles of the ACA and its Plan.

d. Communication other than IT

Windstream works closely with its partners and internal creative teams to ensure our digital brand presence and advanced communications services and products adhere to accessibility guidelines and requirements so that persons with disabilities can access and understand all of the critical information therein.

e. Procurement of Goods and Services

Windstream Enterprise requires all of its underlying providers to comply with a Supplier Code of Ethics. The company continually evaluates its accessibility requirements and Supplier Code of Ethics to meet the standards contained in this Plan.

Accessibility: Canadian Radio-television and Telecommunications Commission Regulation/ACA**f. Design and Delivery of Program and Services Design and Delivery of Program and Services**

The Plan applies to Windstream Enterprise's telecommunications services including VoIP data services, video conferencing services and the tools that support the services including but not limited to: Windstream Enterprise website, WE Connect Portal, and other mobile applications. Additionally, these obligations extend to telecommunication services or products Windstream Enterprise may acquire from a third-party provider.

Windstream Enterprise strives to ensure its products and services are routinely enhanced to provide more accessibility. Windstream Enterprise continues to develop a compliance checklist in accordance with industry guidance to be utilized before any new product, service, or update is deployed in order to ensure and optimize accessibility. Windstream Enterprise aims to utilize this procedure alongside product management and development as well as web content creation.

g. Transportation

Transportation, as identified in the ACA, does not apply to Windstream Enterprise as a priority area at this time. However, as part of service delivery, employees may be transported to various locations; recognizing that, the company identified one main opportunity that could impact persons with disabilities: the general understanding that modernization should be prioritized.

III. CONSULTATIONS

As part of developing Windstream Enterprise's Second Progress Report, it engaged in consultation of its employees, particularly members of its Employee Resource Group, WINAbility, which is dedicated to fostering a culture of inclusion that welcomes people of all abilities while seeking opportunities to serve employees with disabilities. Windstream Enterprise shared a survey requesting feedback on the priority areas of the ACA and the Plan's progress over the past 12 months in making Windstream Enterprise's services, website and mobile applications more accommodating and accessible. This survey was open to all WINAbility members and accessibility workshop attendees, including those who may identify as a person with disabilities. Survey feedback was positive, with all respondents reporting that Windstream Enterprise's effectiveness in promoting accessibility awareness as either good or excellent. Further, Windstream Enterprise's Accessibility Coordinator reviewed any feedback received from the public via its external website..

IV. FEEDBACK**a. Accessibility Coordinator**

Windstream Enterprise's Accessibility Coordinator is responsible for responding to comments and inquiries regarding the Plan.
